Space Homework Project

We would like you to produce an informative guide to our solar system. This can include lots of general information, but we would like you to focus on one major planet in detail. You could choose to present this as: -

- A poster.
- An information guide.
- A leaflet.
- Or use your imagination!

Please bear in mind it needs to be able to fit into your theme book so **no larger than A3** which can be folded.

If you need any help, please ask your teacher well in advance of the deadline.

This project will need to be in on **22nd September.**

Homework is due in on 13th September.
