

## Maths: Speedy Six

1.  $6 \times 4 =$
2.  $384 - 27$
3.  $145 + 92 =$
4.  $100 \times 9$
5. What is  $\frac{1}{2}$  of 14?
6. Which is bigger, 545 or 554?

## Geography Homework

As part of our recent theme on 'Living with the Power of Mother Nature' we have been focusing on locating some of the major countries and principal cities of Europe and North America. For this week's homework you are going to focus on Europe. See the attached sheet for the instructions. You will be tested on this at the end of next week.
